DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on September 03, 2004 was filed after the mailing date of the Notice of Allowance on June 08, 2004. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Miscellaneous

A Notice of Allowance for Application 10/049,572 was mailed on June 08, 2004. The application became US Patent No. 6,809,475 on October 26, 2004.

Applicant's representative, Paul Conover, called the Examiner to inform that references listed in the IDS filed September 03, 2004 were not listed in the Patent. It was discovered that said IDS was not received by Examiner on a timely manner.

Since the IDS was properly filed, the Examiner has considered the references, and a signed copy of Form PTO-1449 is included herewith. Accordingly, a Certificate of Correction will be issued for US Patent 6,809,475 to include the references cited. In due course, the Office of Publications will mail a copy of the Certificate of Correction to the Applicant.
